NAVIGATIONAL TOOLS

The site is divided into 2 sections:

SECTION 1: FLOORPLAN VIEWING AND PRINTING

VIEWING:

- Scroll over the various icons in this section for functionality descriptions.

- There is no 'scroll' bar on the floorplan. You basically 'click and drag' it to move to a different area.

PRINTING:

- Use the **Print icon** in this section to print the floorplan.

- To print the entire floorplan, 'ZOOM OUT' until all is in view.

- To print specific areas/booths, first 'ZOOM IN' to that area as much as you like.

- Note: You can 'print' enlarged areas of any part of the floorplan for your use.

SECTION 2: EXHIBITOR and BOOTH LISTS

- In this area of the site you can generate various lists by linking to each topic. As spaces are assigned, information will progressively be added and will appear.
- Select **'Print'** in this section to print individual lists. **Selecting this print button will NOT print the floorplan.**
