Organization:	ARRT
Position Title:	Limited Scope Exam Committee Member
Activity:	Exam Committee Meeting
Meeting Dates:	September 19-20, 2016
Meeting Location:	St Paul, MN
Payment \$:	Travel Expenses which were reimbursed
Reasons for Attending or not Attending	Build new Exam
Issues from Previous Meetings or Year:	None
General Description of Activities of the Organization and/or Meeting:	<p>The committee reviewed one exam form that will launch in 2017. The form contains 210 scored items covering all six modules: core, chest, extremities, skull, spine and podiatric. In addition to the scored items, the form contains 65 pilot items, 30 pilot items in the core module and 5 pilot items in each of the other five modules. The core form will be split into two versions and administered with 15 pilots each. Keeping with the 2015 Limited Scope of Practice in Radiography Examination Content Specifications, items were carefully reviewed for relevancy, technical accuracy, and clarity. Item replacements were made in cases of cluing, overlap, or changes in technology. Pilot Items were edited or replaced as the committee deemed necessary. Our psychometrician, Ben Babcock closely monitored the overall difficulty of the examination as the process was carried out.</p>
Issues for AAPM:	None
Budget Request (\$):	None
